

## The STYLE:

Rosé wine has begun to come into its own in recent years and has become a serious style of wine unto itself. Rosés offer a lighter, brighter, sunnier take on your favourite red-wine grapes and aren't just for novice wine drinkers. Today's rosés will please the palate of even the most discerning wine aficionado. Lip-smacking fruit and mouth-watering acidity, lightly chilled rosé wines are versatile and food-friendly.

## Our SELECTION:

### Australian Grenache Rosé

#### The Region:

Riverland, Australia

The Riverland enjoys a consistent Mediterranean climate with long days of sunshine resulting in sun kissed grapes and reliable and sustainable growing conditions. Woven around the Murray River, the Riverland wine region accounts for more than 50% of South Australia's total crush.

#### The Wine:

Deep salmon colour with spiced strawberry and citrus aromas. Light to medium bodied with crisp hints of red cherry and fresh strawberry flavours; barely off-dry, refreshing finish. Enjoy with summer salads, turkey or beef burgers or grilled stuff peppers.
