

# LE 15

## Mosaic Red

**AVAILABLE FEBRUARY 2016**

### REGION

PASO ROBLES, CALIFORNIA

Located along California's famed Central Coast, between the busy cities of Los Angeles and San Francisco you'll find Paso Robles Wine Country. Paso experiences a long growing season of warm days and cool nights which makes for vibrantly ripened grapes and beautiful wines. In addition to the abundance of vineyards, the region is also known for its mineral rich hot springs.

### WINE

Like a true mosaic, the varietals in this wine each contribute their individual personality to create a harmonious blend. Merlot and Zinfandel bring round fruit notes while Petit Syrah and Cabernet Sauvignon provide structure and complexity. Mosaic Red has aromas of red fruit with an undertone of smoke and spice. Flavours of juicy blackberry, raspberry, spice and smooth tannins give way to a lingering finish.
