

LE 15

Pinot Grigio Verduzzo

AVAILABLE JANUARY 2016

REGION

VENETO, ITALY

Located just North of Venice, The Veneto stretches across most of the northern reaches of the Adriatic Sea. The Veneto is known to experience hot summers and cool winters, and thanks to its proximity to the sea, less extreme weather than other Northeastern regions. Visitors to The Veneto area have more than just wine to drink, with the picturesque city of Venice absorbing the majority of the region's tourism.

WINE

This unofficial "super venetian" white is a blend of the vibrancy of Pinot Grigio with fresh citrus and pear complemented by the honeyed and ripe pineapple notes of Verduzzo. The zesty freshness and acidity is balanced by rounded tropical fruit flavours and a bit of nuttiness leading to a crisp, clean finish. This is a Pinot Grigio with a bit of pop.
